

VX30 B-Cast Price Chart

The B-Cast server is sold on a per server basis as a lifetime license. All upgrades for future versions will be available at 1/2 the list price¹. Licenses will be available in both limited and unlimited formats.

<u>License Definition</u>	<u>Price²</u>
50 Client Connections - Limited License	\$2,500
100 Client Connections - Limited License	\$4,000
200 Client Connections - Limited License	\$7,500
Unlimited License	\$10,000

The B-Cast server will manage all streams connected to the server. With the limited license the number of computers allowed to make connection to the server will be monitored by B-Cast. After the threshold for concurrent connections has been reached the B-Cast server will prevent additional clients from making a connection.

1 New versions will be a free upgrade for the first 12 months after the initial purchase date.
